Dear Madalyn Rollins/Telephone Pioneers,

First off, I would like to express my sincere gratitude to you for making the Madalyn Rollins/Telephone Pioneers Scholarship possible. I was thrilled to learn of my selection for this honor, and I am deeply appreciative of your support and consideration. I am honored to be one of the recipients.

In the past, I have written a letter to my future self. Four years later, I received just that exact same letter. In it, I wrote, "dear my future self, I hope you get a lot of scholarships." Today, I am proud to announce that I accomplished just that.

For college, I planned on majoring in Business Administration with hopes of joining one of the many wildlife conservation organizations. However, I do not like to limit myself with just one path. With a degree in Business Administration, I believe that I can branch off to many fields that best suit my interest, such as fitness, counseling, or teaching. The financial assistance you provided will be of great help to me in paying my educational expenses, and it will allow me to concentrate more of my time for studying.

Once again, I would like to thank you, the Legacy West member, for your generosity and support. I would like to thank pioneers Patti Pace, Ellen Miller and Louise Rebholz for awarding the scholarships at Apache Junction High School. Lastly, I would like to thank Mr. Cal Rollins for establishing this foundation. I promise you I will work very hard and eventually give something back to this great community.

Sincerely,

Your consideration, efforts, and donations will positively affect my life forever. I am so grateful for your scholarship that you decided to gift upon me, especially with such great competition in our community. It is my honor to use your donation to further my career and standing in our society, in hopes of graduating Arizona State University by 2023. My family and friends also would like for me to pass on their appreciation, as we are all looking forward to what I can achieve. With your scholarship, I will be attending Arizona State Barrett Honors College in fall of 2019, with my major being Aerospace Engineering. I am now so much closer to my goal of graduating with a Masters and setting myself up for helping my community. To be called upon at Scholarship Night and find out that you had chosen me was truly me "being on top of the world". I will not let your donation go to waste, my only focus is my education and being able to come back to our small community, Apache Junction, and bring it to all our expectations. I hope you are as excited as I am when start of school comes up in August, knowing that you had paved the way for an AJ student to make their first step in a big, bright world. Thank you again, so very much.
